525 North Main Street
Waynesville, NC 28786

Phone: (828) 456-8383
Fax: (828) 456-8797

In an effort to increase bicycle tourism and recreation access, J.M. Teague Engineering & Planning (JMTE) worked with the Haywood County TDA, Haywood County Recreation and Parks and Bicycle Haywood NC to develop a countywide map with turn-by-turn bicycle route directions, identified greenway and recreation locations, and bicycling safety information. Using GIS software, JMTE digitized popular cycling routes and developed a countywide shape file containing recreation resources. JMTE also developed digital files that were used to publish maps for distribution both in hard copy and through electronic means such as Ride With GPS and Google Maps.
